We've been building high-quality canopy tents and event equipment for generations. Built to stand up to sun, wind, and rain, our tents are also wind-tunnel tested for their material strength. Our products are crafted with sustainability in mind from our solar-powered production to upcycling and reforestation programs.

What sets a professional-grade canopy tent apart?

At Mastertent, your canopy tent becomes the epitome of quality and customization. Our sophisticated frame construction packs robust aluminum parts into a sleek, streamlined design. Signature - and patented - unique customizations make each Mastertent one of a kind.

Backed by Comprehensive Support

At Mastertent, we're more than just our products. Each tent comes with our full range of customer service, design, and program offerings for the ultimate tent experience.

Lifetime Customer Care

From ideation to event-day set up, rely on our Product Experts for any product, industry or use guidance

In-House Graphics Support

Let our Graphic Designers bring your concepts to life with design mockups, print quality checks, and templates.

Spare Parts Service

Our tents are designed to be worked on, not replaced. Repair individual parts vs. disposing of the entire tent.

Ltd. Lifetime Warranties & ProCare

We back our tent frames with Ltd. Lifetime Warranty for any defects. Extend coverage to weather, accidents, and theft with our ProCare Program.

Partner Programs

Become a Mastertent Partner and bring premium gear to your client base. Our Referral, Affiliate, and Reseller programs offer the right fit for any business.
